

RECESS DUTY FAITH HUMBLER

**As teachers, we have many duties,
One, which many dread, is recess duty.**

**Through the heat and cold
Each of us weathers the storm.**

**The veterans, like me, often wonder “How much longer?”
I’m tired and worn out and question if I still make a difference anymore.**

**On this day, some kindergarteners must have seen my dismay.
In this one moment, REcess turned in to my REstoration, REason, and
REjuvenation.**

From the hearts of children, I felt refreshed and renewed in my purpose.
